Website Updating Committee

The Website Updating Committee plays a critical oversight role in enhancing and maintaining the quality of our college's website. The Committee is responsible for ensuring the website's content and features meet high standards and for managing the overall system. It also addresses technical issues and assists members in updating information, coordinating closely with various departments and other committees.

Policies:

- To project College's mission and values through a cohesive institutional image, providing a positive and unified web experience.
- To consistently maintain and update the website to support the college's growth, strengthen its activities, and enhance its ranking.
- To design and maintain the website professionally, ensuring it is appealing to stakeholders and the public.
- To regularly update relevant information and review college activities, incorporating new content and images on the website's search engine pages.
- To ensure the website is regularly updated with the latest software and security patches, maintaining vigilance against potential vulnerabilities.

Practices:

- Regular updates are performed to keep the website current. The committee manages permissions and administrative access.
- Training is provided to members responsible for web page maintenance to ensure error-free operation.
- The committee ensures that the latest news and events of the college are prominently featured on the website.
- Committee members are responsible for gathering data from their respective departments and committees.
- The website is designed to be user-friendly, meeting the needs of stakeholders.
- A consistent user interface is maintained across the website's home and sub-pages, while allowing flexibility in layout, especially for landing pages and event-specific pages.
- Program details, along with photographs and newspaper clippings, are collected, verified, and formatted appropriately before being hosted on the website.
