Energy Club

The Energy Club is dedicated to promoting awareness and education on sustainable energy practices. The club focuses on energy conservation, renewable energy sources, and environmental stewardship, encouraging students to adopt eco-friendly habits.

Policies and Practices:

1. Membership: Open to students from all disciplines who are passionate about sustainability and energy conservation.
2. Activities: Organize energy audits of the campus, workshops on renewable energy, guest lectures, and field trips to energy plants or sustainable projects.
3. Advocacy: Lead campus-wide campaigns on energy conservation and carbon footprint reduction.
4. Innovation: Encourage students to develop innovative solutions to energy-related challenges.

Outcomes:

1. Increased awareness and adoption of sustainable energy practices.
2. Development of student-led projects focused on energy conservation.
3. Contribution to the college's overall sustainability goals.
